

TAME YOUR TARNISH

ELECTROLYTIC SILVER CLEANER

1. Line the bottom of a large non-aluminum pan or sink with aluminum foil.
2. Add a solution of one tablespoon Arm & Hammer[®] Baking Soda per quart of boiling water.
3. Immerse the silverware in the solution making sure it is completely covered.
4. Soak pieces for a couple minutes.
5. Rinse with water and buff dry with a soft cloth.

METAL CLEANER

1. Make a paste of three parts Arm & Hammer[®] Baking Soda to one part water.
2. Use paste to polish chrome, stainless steel and silver.
3. Do not use on decorative aluminum or lacquered brass, bronze or copper.
